EDUCATION

Dayanand Anglo Vedic College   **June 2017 – May 2020**
Bachelor Of Science, Computer Science   *65 Percent*

JOSON Institute   **July 2017 – June 2018**
Diploma in Office Automation   *A grade*

EXPERIENCE

Unified Mentor Pvt Ltd   **June 2024 – July 2024**
Web Developer   *Internship*

- I was responsible for designing and developing the user interface (UI) of applications using React.js and Tailwind CSS. I leveraged React's component-based architecture to create modular and reusable UI elements.
- Tailwind CSS provided a utility-first approach, allowing me to style components quickly and efficiently without writing custom CSS.

PROJECTS

Edu Mentor - Teacher Student Appointment Web Application | *JavaScript, React.js, Tailwind CSS, Firebase*   **source code**
- Teachers and students can easily book and manage appointments, creating a smooth, stress-free experience.
- Crafted an intuitive user interface that's both engaging and easy to navigate.
- lightning-fast, responsive styling that looks flawless on any device.
- The backbone is real-time data management, ensuring seamless interactions and secure storage.

Blink Eat - Food Order Web Application | *JavaScript, React.js, Tailwind CSS, Firebase*   **source code**
- Users can easily browse, select, and order their favorite dishes with just a few clicks.
- Created an engaging and intuitive user interface that makes ordering food a delightful experience.
- Ensured responsive, beautiful styling that looks perfect on any device
- Handle real-time data management and secure storage for all your food orders.

YouTube Clone | *React.js, Tailwind CSS, API*   **source code**
- : The project is a replica of the YouTube platform, including its UI design and functionalities.
- The app displays a paginated list of YouTube videos fetched from the YouTube API.
- The list supports lazy loading to enhance performance.
- The app uses debouncing to optimize the search functionality.

Minor Projects | *JavaScript, Next.js, React.js, Tailwind CSS*
- **Multi Step Project Form** - Created a multistep project form that allows users to store data in local storage involves several key components.. (**source code live link**)
- **Quiz App** - A simple multiple-choice question (MCQ) quiz app. This app allows users to select answers, see their results, and navigate through questions. (**source code live link**)

TECHNICAL SKILLS

- **Languages:** JavaScript
- **Frameworks:** Next.js, React.js, Tailwind CSS, Bootstrap
- **Web Development:** APIs, DOM Manipulation, CSS, HTML, Single Page Application, Responsive Design
- **Tools:** Git & GitHub, VS Code, Chrome DevTools

CERTIFICATIONS/ACHIEVEMENTS

- MERN Stack Certification - **DUCAT India**.
- JavaScript Certification - **NamasteDev.com**.
- React.js Certification - **NamasteDev.com**.
